

# ARRT SUPPORTS NATIONAL RADIOLOGIC TECHNOLOGY WEEK<sup>®</sup>, NOV. 3-9

ARRT proudly supports National Radiologic Technology Week<sup>®</sup>, recognizing the vital work of medical imaging and radiation therapy professionals.

This year, ARRT is again sponsoring the American Society of Radiologic Technologists (ASRT) webinar titled “Advancing Professionalism Through Governance and Advocacy.” You can earn one continuing education credit by participating in the session.

ASRT will host the live webinar on Monday, Nov. 4, 2024, from noon to 1 p.m. CT. The webinar will feature a panel discussion with ASRT’s Governance and Public Policy team. Visit the ASRT website after Oct. 17 to register. If you can’t attend, the webinar will be recorded and available on the ASRT website after the live event. You can earn the continuing education credit by watching the recording and taking a short quiz.

Panel speakers include Jason Bradley, BA, R.T.(R)(ARRT), CAE, Meredith Check, MPP, and Meredith Gammons, MHA, MBA, R.T.(R)(MR)(M)(CT)(BD)(ARRT). Craig St. George, MS, R.T.(R)(VI)(ARRT) will moderate the panel.

National Radiologic Technology Week was created to honor Wilhelm Conrad Roentgen’s discovery of the X-ray on Nov. 8, 1895.
